

Regional Delegate Report February 1, 2020

The Regional Delegate Team has been elected by the North Carolina Region to be the voice and conscience of the member groups at the Southeastern Zonal Forum and the World Service Conference. It's their responsibility to bring information from the rest of the service structure to the Region.

Conference Participants Webinars

We had a webinar on December 7th (at the same time as the SEZF meeting in Charlotte). The subject of the workshop was CAR Update + Being An Effective Delegate. During small group discussions, more experienced delegates shared with less experienced delegates how to be an effective delegate. We returned to large group discussion for delegates to ask questions on the CAR.

Our last two webinars this cycle will be February 15th which will be on the CAT and March 28th which will be the conference orientation.
