Report: I met with the Region Council via Zoom on Jan. 23, 2021. I provided a verbal report on the Southeast Piedmont area and heard reports from all areas in North Carolina Region. A balance of \$4,256.63 in the Regional Treasury was reported. This included a \$163 donation from our area. No new business was discussed. However there was discussion regarding the long running court case over Canada's use of the U.S. Basic Text. It was reported that the case would soon be settled.
