All is well at The North Carolina Region of Narcotics Anonymous. There were 6 of 9 areas present which allowed quorum to be met. Neal S. our regional RD reported the SEZF will meet in Greensboro on the weekend of the 4th December 2016 at the Hampton Inn (airport) for any members who want to participate. They will be address the topic of "Special Needs" and would appreciate all input. Danny G. our AD informed us that the new literature Guiding Principles is now available for purchase at www.na.org and that he will be attending the SEZF. H&I reported that they visited the Greensboro area and that this area is in need of prison literature, still looking to visit any additional areas that need support with H&I. Also they have included a form letter that will be attached with our minutes for situations where we receive request for literature from inmates regarding how said mail will be responded to (see attached letter) it will actually be forwarded to the appropriate area. Kristen F. our PR Chair reported the LPCANC conference went well and that participation was good. Both Carolina & North Carolina regions actually had people help with manning the information booth. Regional Minutes will be posted on the website www.ncregion-na.org however a password is necessary for privacy reasons. **PASSWORD; jimmyk** Mike G. our Outreach Chair is visiting areas to see if they have any concerns or are in need of assistance and is willing to talk with anyone regarding outreach. Policy Chair was absent. The round table discussions occurred and the topic was FIPT this was informative and hopefully provided some answers to questions regarding our literature.

Dear NA Member

We are very grateful to receive your letter, and to hear that you are attending NA meetings while incarcerated.

It takes what it takes, to help us to overcome our addiction. This has been the journey of all addicts; some of which included incarceration. Without the assistance of the H&I volunteers of Narcotics Anonymous, who carry a message of experience, strength and hope of the twelve step program of NA, imagine how worst of a situation we might find ourselves in.

Narcotics Anonymous has been there making changes in the lives of millions of addicts on a world wide scale. We will be there for you!

FOR NO ADDICT NEED TO SUFFER ALONE!!!!

Yours in Service
