RCM REPORT for 12-15-2019

RCM Charles P.

ALT RCM-OPEN

Hey all sorry I couldn't make it to area due to my new work schedule but I am still committed to serving the area and all the tasks that comes with the position.

Myself and Danny are still working on the phone line something happened with the setup for phone on the BMLT. It does work by the phone's primary number itself which is 919-372-0449 but is not connecting when diverted from the statewide number. Danny was out of the country this week and hopefully we will have this resolved this upcoming week. Wanted to let this area know when we do get phone working correctly people that have been orientated will have the opportunity to add their name and personal phone number to a list through our web server where if the person holding the phone is not available it will redirect and start going down the list of numbers that we add to the server. You may choose what days and what times you are available for contact through the server.

CAR workshops have been setup there will be a list attached to my report.

For our area I have chosen February the 29th which is a Saturday from 12-3 roughly. Danny said it will take about three hours to go through if you will not be able to make this there will also be a virtual workshop which will be on the schedule with zoom link. Tables have to be turned in by March 29th. If this date is not ok with our area please let me know he has added a placeholder on his schedule but I still have to confirm it with him after area itself due to group consciousness not mine.

Next Region meeting will be February 1st.

Thanks for allowing me to serve Charles P.

If there are any questions please feel free to contact me at 356-633-9739.
