

RCM Report for SPANA

April 16th 2016

RCM- John K.

Alt. RCM Open

All is well at region. We are currently working on some interesting thing such as the possibility of putting together a master meeting list for all 9 areas of the North Carolina Region of NA with the hopes of, in the future, working with the Carolina region in an attempt to put together a master meeting list for the entire state of North Carolina using a software know as BMLT (basic meeting list toolbox) which will enable us in reaching more addicts And to provide access to more meetings at one click. It will also allow us to provide people who are released from an institution a meeting schedule regardless of where they may be released to in the state. It's really exciting. The insurance policy is in place for the NC Region and as stated in my prior report the regional chairperson will be the point of contact for certificates as necessary. As for special events and coverage for these events there will be a form posted to the reginal website which can be printed and emailed to Donnie J @ Johnson.Donnie007@gmail.com or he can be reached @ 919-464-6808 to assist with any issues you may have with seeing to it that all special events are covered. The region has shown interest in supporting our Unity/Learning Day and will be in touch with either myself, Jonathon S. or Jacinda S in the near future. We are going to be attending the LPCANC's (licensed professional counselors association of North Carolina) conference Oct. 20- 22 2016 at the Embassy Suites in the Charlotte/Concord area anyone interested in participating can either contact myself or Kristen F @ Kbaumlier@yahoo.com for a designated time slot to help man the booth. The regional website is currently up to date for our area and our meetings are posted on the website as well as on our Spana website. We elected new officers to committee positions they are as follows:
